## **EDUCATION**

**Ph.D.**            **California School of Professional Psychology, Fresno**  
Sept., 2002      Clinical Neuropsychology Track  
                      APA - Accredited Clinical Psychology Program

**B.S.**            **Binghamton University**  
May, 1995        B.S. *Cum Laude*  
                      Major: Psychobiology

## **LICENSING AND CERTIFICATIONS**

Clinical Psychologist License (California) - PSY20320  
American Board of Professional Psychology - Clinical Neuropsychology – 6805  
Qualified Medical Evaluator - California Department of Workers' Compensation  
Human Intervention Motivation Study (HIMS) - Aerospace Neuropsychology

## **PROFESSIONAL EMPLOYMENT AND TRAINING**

9/2011-present      **Adjunct Professor**, UCLA – Department of Neurology: Lead a multidisciplinary research program focused on identifying genetic and epigenetic risk factors and biomarkers for HIV-associated neurocognitive disorders, medication development, and other research. Supervised externs and postdocs on clinical neuropsychological evaluations

8/2017-present      **North Coast Neuropsychology**, Independent Neuropsychology Practice: Includes clinical diagnostic evaluations of patients age 14+, medico-legal evaluations, AME/QME evaluations, and expert testimony

5/2007-present      **Clinical Neuropsychology Consultant**, Health Psychology Associates, Long Beach, CA: Conduct med-legal psychological, neuropsychological, and psychoeducational evaluations of individuals aged 14-years and older

7/2005-8/2011      **Assistant Researcher**, UCLA – Department of Neurology - National Neurological AIDS Bank, Los Angeles, CA: Responsible for overseeing and initiating research projects, manuscript and grant writing. Supervised psychometrists and research assistants. Mentored graduate students

- 8/2005-5/2007      **Clinical Neuropsychologist**, Pacific Neuroscience Medical Group, Oxnard, CA: Performed neuropsychological evaluations of patients with a variety of neurodegenerative diseases. Provided feedback for patients and families. Conducted neurocognitive assessment with clinical trial participants.
- 9/2002-6/2005      **Neuropsychology Postdoctoral Fellowship**, UCLA School of Medicine, CA: NIMH-funded fellowship focusing on the study of neuropsychological aspects of HIV-1 infection. Training included clinical assessment of outpatients and didactic curriculum at the UCLA Neuropsychiatric Institute.
- 9/2001-8/2002      **Predoctoral Internship**, MCP Hahnemann University Hospital, Philadelphia, PA: APA (Division 40) accredited internship in clinical psychology with major emphasis on clinical neuropsychology.
- 7/2000-6/2001      **Senior Research Associate II**, Veterans Affairs Medical Center-San Francisco, CA: Performed neuropsychological evaluations and structured psychiatric interviews with participants in a NIH-funded study examining effects of alcohol use and HIV-infection on the brain.
- 6/2000-6/2001      **Senior Research Associate II**, UCSF-Langley Porter Psychiatric Institute, San Francisco, CA: Performed psychometric evaluations and was responsible for managing a study examining the effects of exogenous hormones on cognitive and behavioral functioning.
- 7/2000-12/2000      **Neuropsychology Pre-Internship**, UCSF/Northern California Comprehensive Epilepsy Center, San Francisco, CA: Pre and post-operative neuropsychological assessment of seizure patients.
- 2/1997-7/1999      **Research Assistant**, UCSF-Alzheimer's Disease Center, Fresno, CA: Conducted neuropsychological assessment and post-mortem neuropathological examination of patients with neurodegenerative diseases.
- 8/1998-5/1999      **Neuropsychology Trainee** – Central Coast Neurobehavioral Center, Atascadero, CA. Neuropsychological assessment. Provided individual and group therapy to individuals with developmental disorders.
- 6/1997-6/1998      **Psychology Trainee** - Veteran's Administration Medical Center, Fresno, CA. Provided individual and group therapy to individuals dually diagnosed with substance use and other psychiatric illnesses.

## **TEACHING EXPERIENCE**

- Winter, 2018      **Neurophilosophy** (Course – undergraduate)  
California State University – Dominguez Hills  
Los Angeles, CA
- Winters, 2015-2017      **Neurophilosophy** (Course – undergraduate)  
University of California, Los Angeles  
Los Angeles, CA
- Fall, 2010      **Psychodiagnostic Assessment** (Course – graduate)  
Alliant International University  
Los Angeles, CA
- Spring, 2006      **Psychological Assessment** (Course - undergraduate)  
Loyola Marymount University  
Los Angeles, CA
- Spring, 2004      **Introduction to Psychological Testing** (Course - grad and undergraduate)  
California State University, Northridge  
Northridge, CA
- Fall, 2003      **Physiological Psychology** (Classes - graduate)  
Fuller Theological Seminary  
Pasadena, CA
- Summer, 2003      **General Psychology** (Course - undergraduate)  
El Camino College  
Torrance, CA
- September, 2002-  
Present      **Various Neuropsychology-related seminars** (Classes - post-graduate)  
UCLA - David Geffen School and Medicine  
Los Angeles, CA

## **PROFESSIONAL MEMBERSHIP**

American Academy of Clinical Neuropsychology  
National Academy of Neuropsychology  
International Neuropsychological Society  
International Society of Neurovirology  
American Psychological Society – Division 40  
Association for the Scientific Study of Consciousness

## **FELLOWSHIPS, AWARDS AND HONORS**

1994: Recipient - Undergraduate Research Fellowship in Neuropharmacology–SUNY Stony Brook  
2003: Recipient - Tennenbaum Interdisciplinary Center – Creativity Research Initiative Award  
2015: Participant - NINDS Clinical Trials Methodology Course – Foundations Track  
2019: Student - Psychedelic Therapy & Research Program – California Institute of Integral Studies

## **JOURNAL REVIEWER**

AIDS & Behavior, AIDS Care, Annals of Neurology, Archives of Clinical Neuropsychology, BioMed Research International, BMC Neurology, BMC Neuroscience, Cerebral Cortex, Clinical Infectious Disease, Current HIV Research, Database, European Journal of Neurology, Expert Opinion on Drug Discovery, Frontiers in CNS Drug Discovery, International Journal of Molecular Sciences, JAIDS, Journal of AIDS & Clinical Research, Journal of Clinical & Experimental Neuropsychiatry, Journal of Clinical Neuroscience, Journal of the International Neuropsychological Society, Journal of Neurochemistry, Metabolic Brain Disease, Neurobehavioral HIV Medicine, Neurology Research International, Neuropsychopharmacology, Neuroscience & Biobehavioral Reviews, PLOS-One, Psychology Health & Medicine, The Clinical Neuropsychologist, Therapeutic Advances in Respiratory Disease

## **GRANT REVIEWER/STUDY SECTION MEMBER**

2004	Panel reviewer	Alzheimer’s Disease Res. Award-CA Dept. Health Services
2011-Present	Invited reviewer	UCSD HNRC Developmental Grants
2011	Invited reviewer	UCSD-Translational Methamphetamine AIDS Research Ctr
2011	Invited reviewer	Johns Hopkins NIMH Center for Novel Therapeutics
2012	Study Section	NIH: AIDS and AIDS Related Research
2013	Study Section	NIMH Clinical Neuroscience and Entertainment Software
2014	SEP reviewer	NIH NeuroAIDS and other End Organ Disease
2014	Invited reviewer	HIV & Drug Use Research Fellowship Program-IAS/NIDA
2016	SEP reviewer	NIDA Avant-Garde Award Program for HIV/AIDS Research
2017	Grant reviewer	American Academy of Clinical Neuropsychology Foundation

## **OTHER PROFESSIONAL ACTIVITIES**

2008-2013 Member - National NeuroAIDS Tissue Consortium Neuropsychiatry Working Group  
2008-2019 Member - Multi-Center AIDS Cohort Study - Neuropsychology Working Group  
2019-Present Member – Combined Cohort Study - Neuropsychology Working Group  
2010-Present Work sample reviewer – ABBP/Clinical Neuropsychology  
2012-Present Primary Faculty on Neuropsychology of AIDS Fellowship - T32 (MH19535)  
2019 Reviewer - FAA HIV Neuropsychological Specifications

The effects of age and study cohort on brain structure among men with HIV disease. *Presented at the 21<sup>st</sup> Conference on Retroviruses and Opportunistic Infections, March 3-6, 2014*
  
47. Thames, A., Magpantay, L., Martinez-Maza, O., Singer, E., Hinkin, C., Byrd, D., & **Levine, A.** Genotype, CSF inflammation, and cognitive performance among African Americans and European Americans with HIV-infection. *Presented at the 34<sup>th</sup> Annual Conference of the National Academy of Neuropsychology, Fajardo, Puerto Rico, November 12-15, 2014*
  
48. Thames, A.D., Briones, M.S., Magpantay, L.I., Martinez-Maza, O., Singer, E.J., Hinkin, C.H., Heizerling, K., & **Levine, A.J.** CCL2 genotype, CSF inflammatory markers, and neurocognitive functioning in an HIV+ sample. *Presented at the 53<sup>rd</sup> Annual Meeting of the American College of Neuropsychopharmacology, Phoenix, AZ December 7-11, 2014*
  
49. Molsberry, S., Lecci, F., Junker, B., Reynolds, S., **Levine, A.**, Martin, E., Munro, C., Sacktor, N., & Becker, J. with the Neuropsychology Working Group Multicenter AIDS Cohort Study. Mixed Membership Trajectory Model of Cognitive Impairment in the MACS. *Presented at the 22<sup>nd</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, February 23-26, 2015*
  
50. **Levine, A.**, Soontornniyomkij, V., Achim, C., Gouaux, B., Masliah, E., Sinsheimer, J., Singer, E., & Moore, D. Bridging genetics, histopathology, and neurocognition in the context of HAND. *Presented at the 22<sup>nd</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, February 23-26, 2015*
  
51. Becker, J.T., Popov, M., Molsberry, S., Lecci, F., Junker, B., Kingsley, L.A., Goodkin, K., **Levine, A.**, Miller, E., Munro, C., Ragin, A., Reynolds, S., & Sacktor, N. Multiple imputation of random covariates to assess the brain structural correlates of cognitive trajectories in HIV disease. *Presented at the 22<sup>nd</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, February 23-26, 2015*

52. Sacktor, N., Reynolds, S., Skolasky, R., Munro, C., Becker, J., Martin, E., Ragin, A., **Levine, A.**, & Miller, E. Frequency of HIV-associated neurological disorders over four years of follow-up: results from the Multicenter AIDS Cohort Study. *Presented at the American Academy of Neurology 67<sup>th</sup> Annual Meeting, Washington, D.C., April 18-25, 2015*
53. Thames, A.D., Briones, M., Magpantay, L., Singer, E.J., Martinez-Maza, O., Panos, S., Hinkin, C.H., & **Levine, A.J.** HIV+ APOE4 carriers are at risk for neurocognitive impairment due to greater disease severity and CSF inflammation. *Presented at the 21<sup>st</sup> meeting for the Society for Neuroimmune Pharmacology, Miami, FL, April 22-25, 2015*
54. **Levine, A.**, Quach, A., Miller, E., Vatakis, D., Singer, E., Shapshak, P., Martinez-Maza, O., Witt, M., Langfelder, P., & Horvath, S. Gene expression changes in monocytes predict neurocognitive dysfunction two years later. *Presented at the 13<sup>th</sup> meeting of the International Society on NeuroVirology, San Diego, CA, June 2-6, 2015*
55. Horvath, S. & **Levine, A.** HIV-1 viremia accelerates age of human cortex and blood cells. *Presented at the 13<sup>th</sup> meeting of the International Society on NeuroVirology, San Diego, CA, June 2-6, 2015*
56. Bryant, A.K., Moore, D.J., Burdo, T.H., Lakritz, J.R., Gouaux, B.A., Soontornniyomkij, V., Achim, C.L., Masliah, E., Grant, I., **Levine, A.J.**, Ellis, R.J. Plasma soluble CD163 is associated with postmortem brain pathology in human immunodeficiency virus infection. *Presented at the 14<sup>th</sup> meeting of the International Society on NeuroVirology, Toronto, Canada, October 25-28, 2016*
57. Gruenewald, A., Kim, I.J., Kolson, D., Vatakis, D. & **Levine, A.** Preclinical studies of Bardoxolone for the prevention and treatment of HIV-associated neurocognitive disorders. *Presented at the 14<sup>th</sup> meeting of the International Society on NeuroVirology, Toronto, Canada, October 25-28, 2016*
58. Molsberry, S.A., Cheng, Y., Kingsley, L., Becker, J.T., Jacobsen, L. **Levine, A.**, Martin, E., Munro, C.A., Ragin, A., & Sacktor, N. for the Neuropsychology Working Group of the MACS. Cluster Analysis of Neuropsychological Test Performance at the Time of First Cognitive Classification in the Multicenter AIDS Cohort Study. *Presented at the 14<sup>th</sup> meeting of the International Society on NeuroVirology, Toronto, Canada, October 25-28, 2016*
59. Quash, A., Horvath, S., Vatakis, D., Martinez-Maza, O., Shapshak, P., Witt, M., Singer, E., **Levine, A.** Peripheral blood monocyte transcriptome at baseline implicates Wnt-signaling pathway in later neurocognitive change. *Presented at the 14<sup>th</sup> meeting of the International Society on NeuroVirology, Toronto, Canada, October 25-28, 2016*

60. **Levine, A.**, Martin, E., Sacktor, N., Munro, C., & Becker, J. Suboptimal effort in HIV neuropsychological research studies: does it influence estimated prevalence rates of HIV-associated neurocognitive disorders (HAND)? *Presented at the 45<sup>st</sup> annual conference of the International Neuropsychological Society, New Orleans, USA, February 1-4, 2017*
61. Erlandson, K.M., Zhang, L., Jacobson, L., Becker, J., Munro, C., Lake, J., Martin, E., **Levine, A.**, Brown, T., & Sacktor, N. Effects of age and obesity on neurocognitive performance in the macs cohort. *Presented at the 22<sup>nd</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, February 13-16, 2017*
62. Kaur, H., Hulgan, T., Fennema-Notestine., C, Smieszek., S, Letendre., S, Ellis, R., Bush, W., Soontornniyomkij, V., Moore, D., Masliah, E., Sinsheimer, J., Barnholtz-Sloan, J., Samuels, D., **Levine, A.**, Kallianpur, A. Common SNPs in the HFE (Hemochromatosis) Gene are Associated with Neurocognitive Impairment and Aging-Related Neurodegenerative Processes in HIV+ Adults. *Presented at the 8th International Workshop on HIV & Aging, New York, NY, October 2-3, 2017*
63. Wu, M., Fatukasi, O., Yang, S., Alger, J., Barker, P., Kim, T., **Levine, A.**, Martin, E., Munro, C., Parrish, T.B., Ragin, A.B., Sacktor, N., Seaberg, E., & Becker, J.T. Brain white matter hyperintensities, HIV disease, cognition and diabetes. *Presented at the 23<sup>rd</sup> Conference on Retroviruses and Opportunistic Infections, Boston, Massachusetts, MA, March 4-7, 2018*
64. Molsberry, S.A., Cheng, Y., Kingsley, L., Jacobson, L., **Levine, A.**, Martin, E., Miller, E., Munro, C., Ragin, A.B., Sacktor, N., & Becker, J.T. Neuropsychological phenotypes in the MACS. *Presented at the 23<sup>rd</sup> Conference on Retroviruses and Opportunistic Infections, Boston, Massachusetts, MA, March 4-7, 2018*
65. Wang, Z., Cheng, Y., Molsberry, S.A., Kingsley, L., **Levine, A.**, Martin, E., Miller, E., Munro, C., Ragin, A.B., Sacktor, N., Seaberg, E., Becker, J.T. Classifying cognitive status in HIV-infected men by multivariate normative comparison. *Presented at the 23<sup>rd</sup> Conference on Retroviruses and Opportunistic Infections, Boston, Massachusetts, MA, March 4-7, 2018*
66. Sundermann, E.E., **Levine, A.**, Horvath, S., Moore, D.J., and the HNRP Group. Inflammation-Related Genes are Associated with Accelerated Aging in HIV. *Presented at the Annual Meeting of the American Association of Geriatric Psychiatry, Honolulu, Hawaii. March 2018*
67. Sinsheimer, J., Horvath, S., Moore, M., Soontornniyomkij, V., Achim, C., Gouaux, B., & **Levine, A.** NFE2L2 haplotypes are associated with HIV-associated neurocognitive impairment and intermediate phenotypes. *Presented at the 15th meeting of the International Society on NeuroVirology, Chicago, Illinois, April 10-14, 2018*

68. Soontornniyomkij, V., Moore, D.J., Gouaux, B., Soontornniyomkij, B., Sinsheimer, J.S., Ellis, R.J., Letendre, S.L., Jeste, D.V., & **Levine, A.J.** Cerebral amyloid- $\beta$  plaques link host genotypes to neurocognitive impairment among HIV-infected adults. *Presented at the 15th meeting of the International Society on NeuroVirology, Chicago, Illinois, April 10-14, 2018*
69. **Levine, A.**, Phillips, N., Heany, S., Stein, D., Zar, H., Kobor, M., Lin, D., Hoare, J., & Horvath, S. Perinatally acquired HIV infection and epigenetic age acceleration in South African adolescents. *Presented at the 15th meeting of the International Society on NeuroVirology, Chicago, Illinois, April 10-14, 2018*
70. **Levine, A.**, Munro, C., Sacktor, N., Horvath, S., Becker, J., & Martin, E. Intra-individual variability in neurocognitive performance: no influence due to HIV status or self-reported effort. *Presented at the 15th meeting of the International Society on NeuroVirology, Chicago, Illinois, April 10-14, 2018*
71. Sundermann, E.E., Bondi, M.W., Soontornniyomkij, V., **Levine, A.**, & Moore, D.J. Detecting amnesic MCI (aMCI) among HIV+ individuals with high rates of HIV-associated neurocognitive disorder (HAND). *Presented at the 15th meeting of the International Society on NeuroVirology, Chicago, Illinois, April 10-14, 2018*
72. Sundermann, E.E., **Levine, A.J.**, Paolillo, E.W., Masliah, E., Adame, A., Gouaux, B., Soontornniyomkij, V., Letendre, S., Moore, D.J., and the HNRP Group. The relationship between synaptodendritic neuropathology and HIV-associated neurocognitive disorders is moderated by age. *Presented at the 9th International Workshop on HIV & Aging 2018, New York, NY, September 13-14, 2018*
73. Rubin, L.H., Springer, G., Martin, E., Seaberg, E.C., Sacktor, N., **Levine, A.**, Valcour, V., Young, M., Becker, J.T., & Maki, P.M. Depression is a stronger predictor of executive dysfunction in HIV+ women than men. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*
74. Li, Y., Wang, Z., Cheng, Y., Becker, J.T., Martin, E., **Levine, A.**, Rubin, L.H., Ragin, A.B., & Sacktor, N. Neuropsychological changes in Efavirenz switch regimens in MACS. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*
75. Sundermann, E., Hussain, M., Moore, D.J., Horvath, S., & **Levine, A.** Inflammation-related genes are associated with accelerated aging in HIV. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*
76. Wu, M., Yang, S., Hetherington, H., Kim, T., Alger, J., Barker, P.B., Parrish, T.B., **Levine, A.**, Martin, E., Munro, C., Ragin, A.B., Sacktor, N.W., Seaberg, E.C., & Becker, J.T. White matter hyperintensities increase as a function of CVD risk and HIV disease. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*

77. Qu, Y., Wang, Z., Cheng, Y., Kingsley, L., **Levine, A.**, Martin, E., Munro, C., Ragin, A.B., Rubin, L.H., Sacktor, N.W., Seaberg, E.C., & Becker, J.T. Legacy effects on cognitive functions among HIV-infected men. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*
78. Rubin, L.H., Gustafson, D., Hawkins, K.L., Zhang, L., Jacobson, L., Becker, J.T., Munro, C., Lake, J.E., Martin, E., **Levine, A.**, Brown, T.T., Sacktor, N.W., & Erlandson, K.M. Total and central obesity predict cognitive decline: Multicenter AIDS Cohort Study. *Presented at the 24<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Seattle, WA, March 4-7, 2019*
79. Hoare, J., Phillips, N., Heany, S., Stein, D., Zar, H, Horvath, S, & **Levine, A.** Accelerated epigenetic aging in perinatally acquired HIV infected South African adolescents is related to altered development of brain structures. *Presented at the 10th International Workshop on HIV Paediatrics, Amsterdam July 2018*
80. Hwang, Y.J., Nouraie, S.M., Becker, J.T., Chang, D., French, A., Kunisaki, K.M., **Levine, A.**, Martin, E., McCormack, M.C., Sactor, N., Weinstein, A.M., & Morris, A. Association between lung and cognitive dysfunction in men with hiv infection. *Presented at the 25<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, Boston, MA, March 8-11, 2020*
81. Saylor, D., Molsberry, S.A., Seaberg, E.C., Cheng, Y., **Levine, A.**, Martin, E., Munro, C., Palella, F., Becker, J., & Sacktor, N. Statin use and cognitive performance in the multicenter aids cohort study. *Presented at the 26<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, (Virtual), March 7-10, 2021*
82. Anderson, A.M., Bhondokhan, F., Curanovic, D., Connelly, M., Otvos, J., Post, W., Michos, E.D., Lahiri, C.D., Wolinsky, S., **Levine, A.**, Seaberg, E.C., Rubin, L., Vance, D., & Becker, J. GlycA is associated with neuropsychological impairment in predominantly HIV+ men. *Presented at the 26<sup>th</sup> Conference on Retroviruses and Opportunistic Infections, (Virtual), March 7-10, 2021*

### **INVITED TALKS & PRESENTATIONS**

1. **Levine, A.J.** Frontotemporal Lobar Degeneration and Related Syndromes. *Presented at NIBBL seminar, Department of Neuropsychology, UCLA-Semel Institute for Neuroscience and Human Behavior. April 9, 2009*
2. **Levine, A.J.** HIV-Associated Neurocognitive Disorders. *Presented at Neurologic and Neuropsychiatric Syndromes Course, Department of Neuropsychology, UCLA-Semel Institute for Neuroscience and Human Behavior. June 11, 2009*
3. **Levine, A.J.** The Genetics of HIV-Associated Neurocognitive Disorder. *Presented at NIBBL seminar, Department of Neuropsychology, UCLA-Semel Institute for Neuroscience and Human Behavior. March 25, 2010*

4. **Levine, A.J.** The Neuropsychology of Infectious Diseases. *Presented at Neurologic and Neuropsychiatric Syndromes Course, Department of Neuropsychology, UCLA-Semel Institute for Neuroscience and Human Behavior. May 7, 2010*
5. **Levine, A.J.** Genetic studies of HIV-associated neurocognitive disorders. *Presented at the Multicenter AIDS Cohort Study Working Group Meeting, October 19, 2010*
6. **Levine, A.J.** Genetic studies of NeuroAIDS in the NNTC. *Presented at the National NeuroAIDS Tissue Consortium Scientific Leadership Group Meeting, October 28, 2010*
7. **Levine, A.J.,** Genetic risk factors for HIV-associated neurocognitive disorders. *Presented at the 91<sup>st</sup> annual convention of the Western Psychological Association, April 28<sup>th</sup>, 2011*
8. **Levine, A.J.** HIV-Related Neurobehavioral Aberrations. *Invited talk for the Northern California Neuropsychological Forum, October 26<sup>th</sup>, 2011*
9. **Levine, A.J.** Case presentation of HIV-associated neurocognitive disorder. *Invited talk for the Northern California Neuropsychological Forum, March 21<sup>st</sup>, 2012*
10. **Levine, A.J.** Longitudinal analysis of interactive effects of host genotype, stimulant use, and HIV status upon neurocognitive functioning. *Presented at the 11<sup>th</sup> Symposium of the International Society on NeuroVirology, May 31, 2012*
11. **Levine, A.J.** Genomic, Transcriptomic, and Epigenomic Studies in the Multicenter AIDS Cohort Study. *Presented at the Annual MACS/WIHS Meeting, November 7, 2014*
12. **Levine, A.J.** Neuropsychological manifestations of HIV-1 infection. *Presented for the UCLA School of Epidemiology, May 27, 2016*
13. **Levine, A.** Peripheral blood monocyte transcriptome at baseline implicates Wnt-signaling pathway in later neurocognitive change. *Presented at the 14<sup>th</sup> meeting of the International Society on NeuroVirology, Toronto, Canada, October 25-28, 2016*
14. **Levine, A.J.** HIV-associated neurocognitive disorders: fact or fiction? *Presented for the UCLA School of Epidemiology, May 10, 2017*
15. **Levine, A.J.,** Suboptimal effort during neuropsychological testing in the MACS: causes, consequences, and solutions. *Presented for the MACS Scientific Works In Progress series, November 1, 2017*
16. **Levine, A.J.** HIV-associated neurocognitive disorders: fact or fiction? *Presented for the UCLA School of Epidemiology, May 18, 2018*

17. **Levine, A.J.** Bridging molecular genetics and neuropsychology in the study of NeuroHIV. *Presented for the Veterans Administration Medical Center, Long Beach, April 17, 2019*
18. **Levine, A.J.** HIV-associated neurocognitive disorders: fact from fiction. *Presented for the UCLA School of Epidemiology, Epidemiology 227 - AIDS: A Major Public Health Challenge. April 19, 2019*
19. **Levine, A.J.** HIV-associated neurocognitive disorders: fact from fiction. *Presented for the UCLA School of Epidemiology, Epidemiology 227 - AIDS: A Major Public Health Challenge. May 8, 2020*
20. **Levine, A.J.** NeuroCOVID: Current Understanding and Methods of Study through the lens of NeuroHIV. *Presented for the Frank F. LeFever Annual NYNG Conference "From HIV to COVID-19: The Neuropsychology of Infectious Disease". September 16, 2020*
21. **Levine, A.J.** Brain Fog among COVID-19 Survivors. *What Happens Next - COVID Spread, Future of Work, Populism and Democracy. November 1, 2020*

## **RESEARCH SUPPORT**

## **Award Dates/Total Award**

### **Current:**

R03-NS110476 (Levine) National Institute of Neurological Disorders and Stroke <i>Causes and consequences of suboptimal cognitive effort in the MACS</i> Role: Principal Investigator	9/30/18-8/31/21 (NCTE)
R21-MH115825-01 (Levine) National Institute of Mental Health <i>Bardoxolone: a novel treatment for HIV-associated neurocognitive disorders</i> Role: Principal Investigator	9/1/18 - 1/30/21 (NCTE)
2R01-AG034852 (Becker) National Institute on Aging <i>Cardiovascular and HIV/AIDS Effects on Brain Structure/Function and Cognition</i> Role: Site Principal Investigator	9/30/10 - 3/31/21
U01-HL146333-01 (Detels and Martinez-Maza) National Heart, Lung, and Blood Institute <i>Los Angeles CRS for the MACS/WIHS Combined Cohort Study</i> Role: Co-Investigator Levine, Andrew	4/15/19 - 3/31/26

**Previous:**

R03AG056189 (Kelesidis) National Institute on Aging <i>Humanized mice as a model to study novel therapies for HIV-Associated Neurocognitive Disorders (HAND) in elderly HIV-1 infected individuals</i> Role: Co-Investigator (PI)	12/1/17 - 11/31/19
R01MD010680 (Stall) <i>Understanding Patterns of Healthy Aging among Men Who Have Sex with Men</i> Role: Co-investigator	9/25/15 - 6/30/19
R21MH107327-01 (Levine and Hoare) National Institute of Mental Health <i>Epigenetic and Psychosocial Drivers of NeuroHIV in HIV+ South African Adolescents</i> Role: Co-Principal Investigator	6/1/16 - 5/31/19
R01MH096648 (Levine and Moore) National Institute of Mental Health <i>A multisystems study of HIV neuropathogenesis: genetics-neuropathology-behavior</i> Role: Co-Principal Investigator	9/6/12 - 5/31/18
R21AG046954 (Horvath and Levine) National Institute on Aging <i>Cross-tissue study of an accelerated epigenetic aging mechanism caused by HIV</i> Role: Co-Principal Investigator	9/15/15 - 4/30/17
R01DA030913 (Levine and Horvath) National Institute on Drug Abuse <i>Pathways to HIV-associated neurocognitive disorders: A systems biology approach</i> Role: Co-Principal Investigator	8/1/10 - 7/31/16
U24MH100929 (Singer) National Institute of Neurological Disorders and Stroke <i>National Neurological AIDS Bank</i> Role: Co-Investigator	6/1/13 - 5/31/16

R25 (Thames) Program in Translational NeuroAIDS and Mental Health <i>Pro-inflammatory genotypes and susceptibility to HAND in African Americans</i> Role: Co-Investigator/Mentor	7/1/12 - 6/30/13
UCLA CFAR/AIDS Institute Fellowship Award (Panos) <i>Relationship between Apolipoprotein Genotype and Cognition in HIV</i> Role: Co-Investigator	7/10/12 - 7/9/13
AI28697 (Freimer & Levine) UCLA-AIDS Institute and the UCLA Center for AIDS Research <i>A Genome-Wide Association Study of HIV-Associated Neurocognitive Deficits</i> Role: Co-Principal Investigator	6/1/08 - 12/31/13
UL1TR000124 UCLA CTSI/CFAR Multidisciplinary Study of HIV/AIDS (Horvath) <i>Diagnostic and prognostic biomarkers for HIV-Associated Non-AIDS (HANA) conditions</i> Role: Co-Investigator	7/1/12 - 6/30/13
R03DA026099 (Levine) National Institute of Drug Abuse <i>The Impact of Host Genetics and Stimulant Use on Neurocognition in HIV+ Adults</i> Role: Principal Investigator	9/1/08 - 8/31/11
ID06-LA-187 (Levine) California HIV/AIDS Research Program (CHRP) <i>Genetic Polymorphisms and Neurocognitive Vulnerability in HIV</i> Role: Principal Investigator	9/1/06 - 3/01/09
AI28697 (Levine) UCLA-AIDS Institute and the UCLA Center For AIDS Research <i>Determining HIV-related Neurocognitive Impairment in Monolingual Spanish Speakers</i> Role: Principal Investigator	7/1/07 - 6/30/09
